NOTE THE FALL AND SPRING COLOR OF *VOGUE*!

ANOTHER NEW COLOR IN ROSES

The color of *Vogue* is sure to establish this new variety in a special class with the other great Modern Roses of today. An intensive brilliant cherry-coral color with perfectly formed, high-centered, Hybrid Tea shaped, 3 to 4-in. flowers. Opening slowly from a very dark ovoid bud, *Vogue* has a delightful fragrance.

AN EXCEPTIONALLY FINE GROWER

As if the color alone was not enough, *Vogue* excels in its ability to grow exceedingly well. Reaching a height of 2½ to 3 ft. or more, it ideally fits all of the requirements of the modern Floribunda. It does wonders in foundation plantings in conjunction with evergreens and shrubs; and with its upright growth, it is superb as a hedge along walls or driveways. With its rich dark green foliage and strikingly brilliant red blooms it is also an ideal variety for planting in front of your picture windows and, of course, in the Rose garden it will always be in favor for its constantly produced flowers for good garden color and cutting for indoors. (Pat. 926).

New Roses in **ONE** Year!

A NEW HYBRID TEA . . .

TAWNY GOLD . . . Intriguing Tawny Gold Color!

(Right)

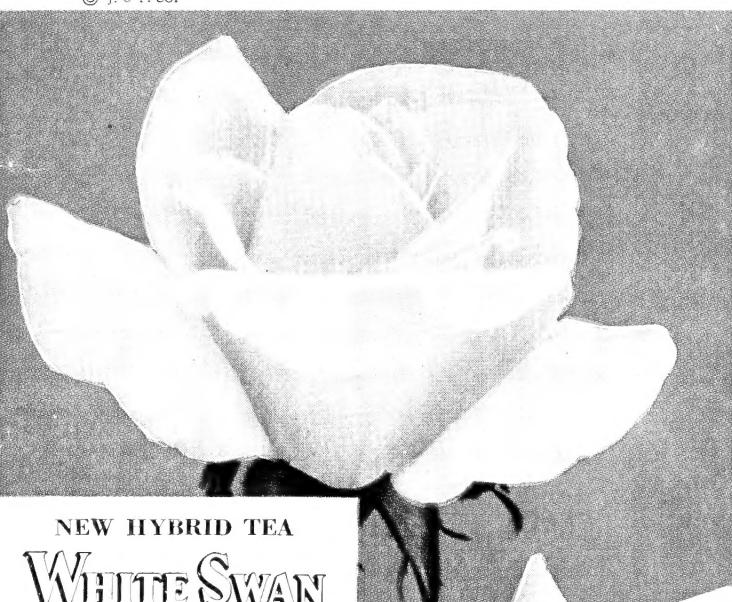

At the New York Flower Show this year this new Rose captured everyone's enthusiasm. Its new intriguing tawny gold color outshone everything around it! And if that was not enough, the petals of Tawny Gold acquire a quaint frilled edge which adds to the charm of the open bloom. Two or three blooms will fill a whole room with their perfume.

EXCEPTIONAL LASTING QUALITIES

Another feature of Tawny Gold is its ability to last a long time both on the plant and indoors. Few Roses can compare with this new gem, and we are sure you will see what we mean when it blooms in your garden next year. Height 2 to 2½ ft. (Pat. 950.)

WHITE SWAN

Smart Pure White Flowers!

Luxuriant

Dark Green Foliage!

Vigorous Upright Growth!

(Left) The garden world has anxiously awaited the arrival of a good new white Rose, and here it is . . . White Swan! With long graceful buds and smart pure white flowers, this new variety opens slowly into 3 to 4-in., high-centered blooms. White Swan is very vigorous and produces many flowers. Its lush dark green foliage beautifully accents each bloom. Most white Roses have not been as upright in growth as Roses of other colors, but this new variety produces long sturdy canes which make a nice upright plant.

AN EXCEPTIONALLY FINE EXHIBITION ROSE

Portland, Oregon, says: White Swan has excellent exhibition qualities and shows great promise for the future. We feel that you will agree after you have shown this new beauty in your local Rose Show. The fragrance, although not dominant, is very effective. Height 3 to 4 ft. (Propagating Rights Reserved.)

ONE OF THE MOST BRILLIANT
COLORS IN ROSEDOM

(Above) Here is another addition to the new colors in Roses! So brilliant and so vivid that words or color illustrations just cannot do it justice. This new color is definitely one of the most scintillating hues we have ever seen.

LARGE FLOWERS IN CLUSTERS

The beautiful flowers grow up to 4 in. in diameter, in clusters of 6 or more. Its brilliant orange-scarlet blooms are like flaming torches and are superbly accented by the rich glossy foliage.

EXCELLENT GROWER, VERY COMPACT
This new variety grows from 2½ to 3 ft. in height, producing great quantities of foliage and forming a very compact bush. Here is a variety that does not lose its color in the sun and possesses a moderate old-fashioned Tea Rose fragrance. Very aptly named because its striking color reminds one of the valor of the battle for freedom. (P.A.F.)

Color.....orange-scarlet center, redder cast on reverse of petals.

Fragrance.....old-fashioned Tea Rose.

Flower and Bud...ovoid bud; 4-in., perfectly formed flowers.

\$2.25 each; 3 for \$6.00; 12 for \$24.00;
25 for \$45.00

HYBRID TEA

FRED HOWARD

A 1952 ALL-AMERICA WINNER!

(Above, Right) This new Hybrid Tea is one of the last creations of one of America's foremost rosarians and was named in his honor . . . Fred Howard. Its long, rich yellow buds are tipped with a delicate penciling of light pink. As the buds open, you see a full double, high-centered, beautifully formed, 4 to 5-in. flower.

**VERY VIGOROUS.
EXCELLENT FOR CUTTING**

The plant is strong, hardy and very fully branched, with dark shiny green foliage. It will grow from 3 to 5 ft., depending upon the locality. Flowers are produced on long heavy stems, which are excellent for cutting and are produced freely from June to fall. (P.A.F.)

Color....rich yellow with a delicate penciling of light pink on the edges of the petals.

Flowers...4-in. blooms very double and high-centered.

Height...3 to 5 ft., depending upon locality. Flowers are produced on long heavy stems, which are excellent for cutting. Blooms late into fall.

Awards...1952 All-America Winner.

\$2.75 each; 3 for \$7.20; 12 for \$28.80

FLORIBUNDA

GARNETTE

WILL LAST LONGER
THAN ANY OTHER ROSE!

(Above, Right) This new Rose, although introduced this year for the first time to America's gardens, is one of the widely used Roses in the florist trade today. Surely everyone has seen Garnette displayed at Flower Shows throughout the Nation. And anyone who has received a corsage of petite red Roses for that "special occasion" has undoubtedly worn Garnette.

HAS QUALITIES BEYOND COMPARISON

We believe there is not another Rose on the market today which has more perfect form and the lasting qualities when cut for indoors that Garnette has. Actually it will last from a week to 10 days, and its red "sweetheart" sized flowers are so desirable that you, too, will want this tiny gem in your garden. Another outstanding feature is its abundant masses of crinkled holly-like foliage, which reminds one of Christmas time. This variety reaches a height of only 18 in. and should be planted in the front of your Rose beds.

Color.....deep garnet-red.

Flowers.....petite "sweetheart" size, about 2 in. across. Clusters of 15 to 20 blooms.

A Personal Word
from
C. H. Perkins

To My Customers and
Friends:

It is a great personal satisfaction to bring you this new catalog. In it you will find many of your favorite Roses that are now growing in your garden plus other varieties which you may want but do not have as yet. Of course, there are several new varieties on the first 6 pages which you will see for the first time.

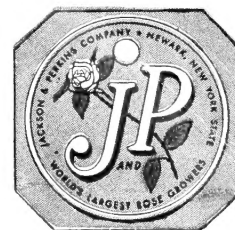

CHARLES H. PERKINS

You can order from this new catalog with absolute confidence that we will ship you only the finest Rose plants. Everything in this catalog is now growing in the nursery fields. As I drive through these fields, I think of the thrill you will get next year when these same plants are blooming so profusely in your garden.

Our Plant Research Department has worked diligently in bringing out these new varieties, and our Production Department is ready to ship you top-quality plants just as soon as weather conditions are right. For my part, I extend a warm welcome to thumb through the pages of this catalog and select J. & P. Roses for planting this Fall. We guarantee to give you only the top-quality plants and the very best of service.

HYBRID TEA
HELEN TRAUBEL

1952 ALL-AMERICA WINNER

(Right) Named for one of the greatest of American concert artists, famous for her dramatic soprano roles in the Metropolitan Opera and on the concert stage, this new Rose because of its superior qualities is certain to attain great popularity. Its color varies with the weather . . . sometimes a light sparkling pink or more often a luminous apricot! Its long and unusually large buds are magnificent, and when fully open the blooms display this lovely color in a richer array.

The plant of Helen Traubel will always be one of the largest bushes in your garden. So vigorous that it is always alive with gorgeous buds and blooms. (P.A.F.)

Color . . . light brilliant pink to a rich apricot.
Height . . . 3 to 5 ft., depending upon locality.

EVERBLOOMING!

Climbing Goldilocks

(Below)

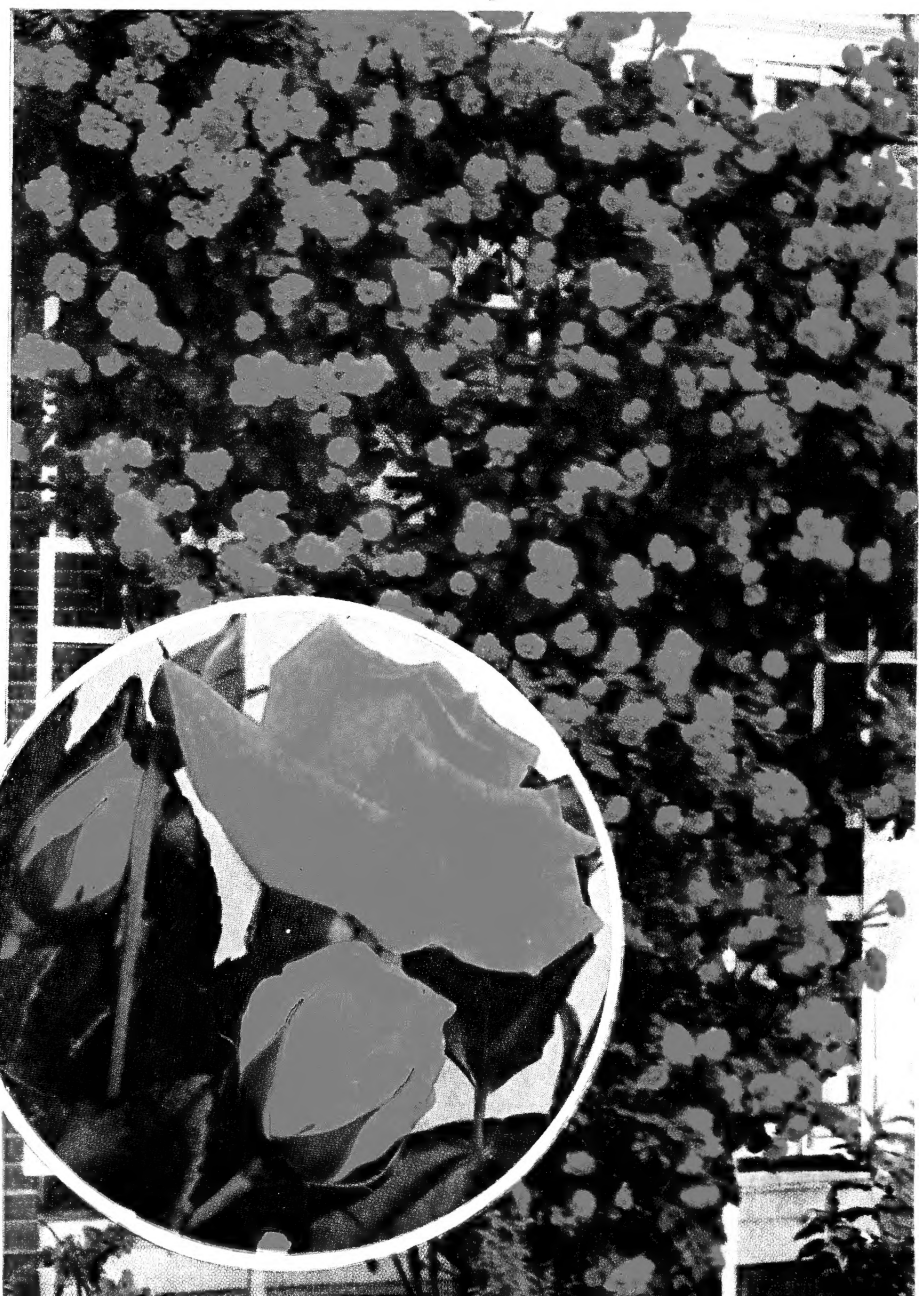

Here at last is the long-awaited, truly everblooming yellow Climbing Rose! Gardeners from coast to coast have had the Floribunda Goldilocks for years and have loved its gorgeous golden color and its ability to bloom and bloom all summer long. Now this truly magnificent Rose can be enjoyed as a Climber! The buds of Goldilocks are ovoid in shape, resembling miniature Hybrid Teas in form, and a rich golden yellow in color. As the buds gracefully open to 3½-in. blooms, they last for a long time, for fresh new buds keep replenishing the overall effect of a golden yellow mass. Just like the Floribunda, Goldilocks as a Climber also blooms in large clusters. Its nicest feature is that it is extremely vigorous and hardy and will grow 6 to 10 ft. in one year and, unlike most other climbers, *will bloom the first year it is planted*. Be sure to make a place somewhere on your property for this exceptionally fine new everblooming Climber. P.A.F.

NEW Climbing Goldilocks

EVERBLOOMING!

Climbing Pinocchio

(Above)

This new Climbing Rose will surely speak for itself! Since 1941 this great Rose has been the most widely used Floribunda in the world. Anyone who knows Roses knows Pinocchio. And now, it pleases us beyond description to bring it to America's gardens as a Climber. Pinocchio, with its winsome buds of a rich appealing salmon, blooms so exuberantly that the word everblooming seems inadequate! It also possesses an exotic fruity fragrance, and when brought indoors a spray will often keep from 8 to 10 days. Of course, it is unrivaled for boutonnieres. Pinocchio, too, is very vigorous and hardy and will produce an unbelievable amount of blooms from June to frost. Flowers are identical to those of the famous Floribunda Pinocchio.

EVERBLOOMING!

Climbing Aloha

(Right)

Like an Artist's Dream, this magnificent rose-pink Climber bursts into bloom from top to bottom with an utterly breath-taking display of never-to-be-forgotten glory. After this first peak of June glory, Aloha continues to bloom frequently during the entire season.

So profuse . . . so rich . . . in its deep rose-pink blooms of enormous size that it defies adequate description. An unbelievable mass of deep coral-pink buds starts the show. These open to very full, double, perfectly formed blooms of handsome size. Flower after flower measures 5 in. across and 3 in. deep.

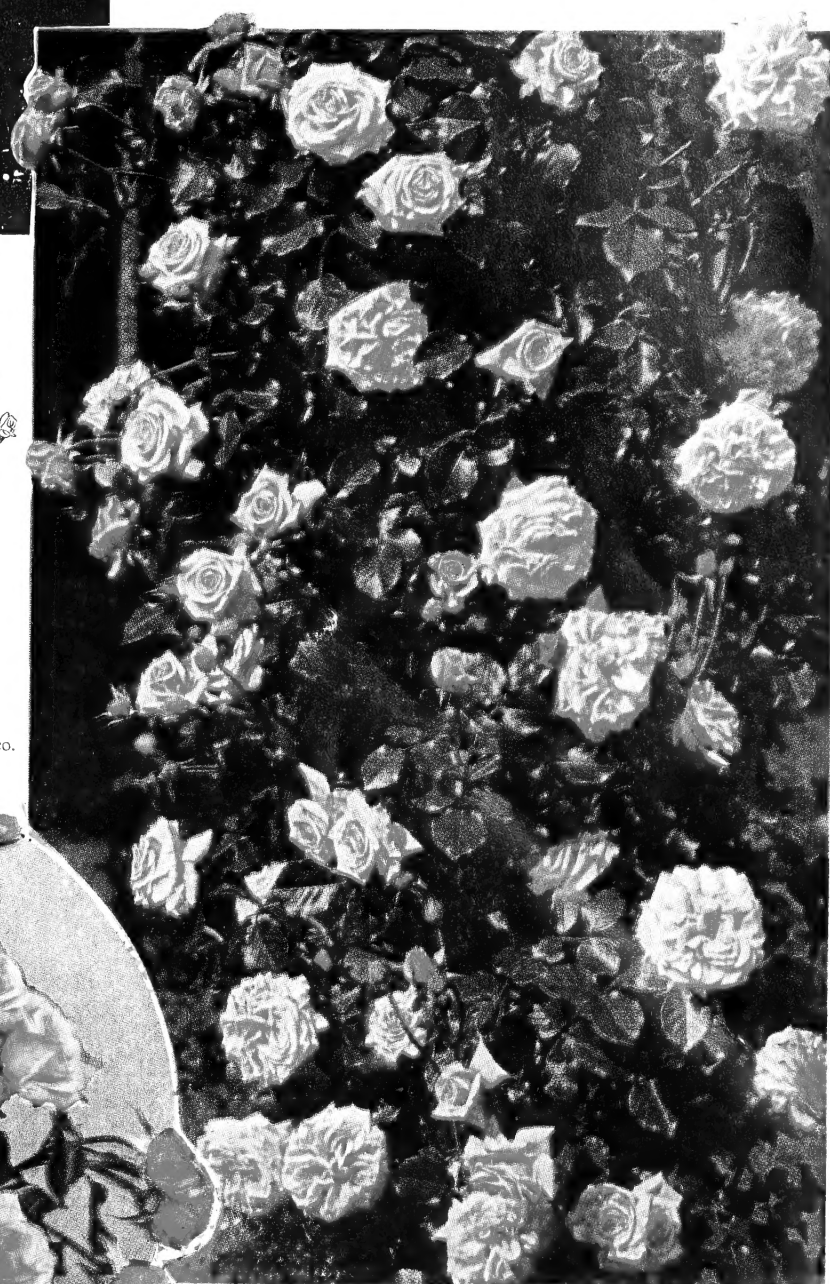

Never Before an Everblooming Climber Like This!

The general effect is strong rich rose-pink with deeper tones in the tight buds and a soft lilac silvery pink on the inside of petals in the open bloom. Unlike most Climbers, Aloha blooms in long-stemmed clusters. The primary bud develops into a gorgeous 5-in. bloom but the secondary buds do not open fully until the first flower has practically finished. We think this Climber is the perfect Rose of its class. THE WONDROUS HYBRID TEA

New Yorker

New Yorker is an enormous red, red Rose that stays red until the last petals wither and fall

The dark color is clear and sparkling, and the flowers are tremendous . . . often measuring 6½ in. across. Every hour, every minute that you see these lovely blooms in your garden, you'll be completely amazed at the clear, sparkling, rich color and the tremendous, beautifully formed blooms. The brilliant, unfading color is scarlet with rose-red undertones. The rich, velvety sheen of every perfect petal reflects a brilliant highlight and gives the blooms an exceptionally lovely texture.

Grows Perfectly with Little Care

This hardy, disease-resistant prize-winner is so easy to grow you'll want several plants in your garden once you try it. The sturdy, upright, 3-ft. plants are exceptionally vigorous and grow luxuriantly with a minimum of care. The magnificently formed blooms of enormous size continue without interruption all season from June until cold weather. The young shoots and new growth are bright red, adding to the beauty and interest of New Yorker in your garden. Height 3 ft. (Pat. 823.)

(Left) *FASHION* is definitely the finest Floribunda Rose ever created. Outshines all others for its gay new eye-arresting color, enormous clusters of continuous blooms and its generous all-round performance. The blooms persist without interruption from their first riotous June display until frost. Day in and day out the warm oriental-red buds appear freely, giving your garden a panorama of exquisite blooms in this sparkling new coral-pink suffused with gold.

Always Covered with Clusters of Exquisite Blooms

Constant new growth replaces the old, so that as one rich flower cluster finishes, other clusters even more beautiful are developing to take its place. Blooms lasting under all conditions. Plant hardy and vigorous.

Never Before a Color Like This in Roses

As the oriental red buds open gradually, they are transformed into exquisite miniature Hybrid Teas up to 3½ in. across. At the same time a gradual color transformation occurs as the oriental red buds blend into a lighter, luminous coral suffused with gold. Graceful wavy petals and a rich display of golden yellow stamens add new interest and unexpected promise to the open flower. Enchanting delicate fragrance.

Outstanding Anywhere in Any Garden

FASHION blends well with all its garden neighbors, creating a new exciting center of interest. Sparkling colors so abundant in each heavy cluster are handsome in a group planting in front of shrubs or evergreens; as a hedge leading to house or garden, around new homes or simply as a colorful accent point anywhere in your garden or flower beds. In formal Rose beds *FASHION* more than holds its own. Height 2½ to 3 ft. (Pat. 789.)

**Diamond
Jubilee**

The loveliness and perfection of this handsome new J. & P. Rose will amaze you when its enormous flowers appear in your garden this coming June. The color is warm glowing buff-orange, deeper in cooler weather, with a touch of orange-yellow at the base of each petal. Often 5 to 6 in. across, the many stately flowers on every plant are fully double and high-centered. They open slowly, providing many thrilling hours as you watch the buds gradually unfold . . . Diamond Jubilee lasts exceptionally well either on the bush or as cut flowers. The many heavy-textured petals do not fade or burn even in warm weather, but rather intensify in color as the flowers open. You will enjoy the rich soft Old Rose fragrance, warmth of color, perfection of form and rugged vigor. The plant is sturdy and full, well clothed with rich dark green foliage, and the constant succession of flowers is held erect on long stems. A good exhibition Rose, it took the sweepstakes at Seattle, Washington. Height 4 ft. (Pat. 824.)

OPERA

*The Brilliant

Winner*

(Below) This brilliant new Hybrid Tea from Jean Gaujard of France is distinctive in its color combinations and the gay form of its bloom.

The slender buds, borne on long stems, are almost bicolor, with an intensive suffusion of golden yellow at the base and scarlet at the top of the bud. As the flower opens to a full 6 in., the petals quill slightly and the color becomes a gay, flaming, light scarlet-red with buff-yellow on the reverse. The general effect is airy and bright.

The vigorous plant has great quantities of leathery, clear green foliage.

Opera has won the Gold Medal for the Most Beautiful Rose of France, also Gold Medals in London, Geneva and Bagatelle. In this country Opera has done exceptionally well in California, with 6-in. blooms of very good substance. In New York the long slender buds open to very large blooms throughout the summer. (Above)

Exquisite burnt-orange bud opens slowly while retaining its high center, which finally explodes into a 5-in., brilliant, coral-orange bloom. These pleasing blooms are freely produced on 3½-ft., open plants. As the buds unfurl, the petals open to a flat position, making an airy, large flower. The edges of the petals have an interesting darker shade.

You will like this brilliant, airy, new Rose. It has had many very favorable comments from the testing stations that have grown it. (Pat. 852.)

MME. MARIE CURIE. One of the most satisfactory yellow Hybrid Teas. Produces a succession of clear yellow Roses that are non-fading even in hottest weather, color deepens in the fall. Hardy, vigorous and disease-resistant, 3 ft. tall. (Pat. 727.)

SIGNORA. Buds warm brownish orange, opening to lighter mandarin and salmon. Foliage rich, glossy dark green. Tall, vigorous growth. Very fragrant. 30 to 36 in. (Pat. 201.)

McGREDY'S SUNSET. Tinted with delicate orange and rich scarlet. Best loved of the Irish Roses. Sweet fresh fragrance. 30-in. plants. (Pat. 317.)

SONATA. Cochineal-red in spring and fall, in summer lightening to unusual hues of deep lively pink. Outside of the petals is several shades darker than inside. The large flowers are perfectly shaped, opening gradually from long, pointed buds. 3 ft. (Pat. 732.)

ROME GLORY. An aristocrat of red Roses, among the largest in rosedom. Borne freely on extra-long stems, keeping marvelously in bouquets. Superb fragrance, most prized of all Roses at the florists. 3 ft. (Pat. 304.)

PRIMA DONNA. Glorious deep salmon suffused with pink. Provides a generous supply of artistic buds and blooms for bouquets! Blooms continuously from mid-June all through summer and fall. 3 ft. (Pat. 639.)

DICKSONS RED. This glowing scarlet-red Rose "has everything"—flashing color; large, high-centered form; rich fragrance; abundant, continuous bloom; strong, sturdy bush. Ht. 2½ ft. (Pat. 376.)

KATHERINE T. MARSHALL. Grows vigorously. Warm glowing pink. Its strong pink blooms stand clear and free from plants nearby. Sometimes reaches a height of 4 ft. (Pat. 607.)

CRIMSON GLORY. For many years the most popular red Rose! Big, beautifully formed blooms of deep, vivid crimson, held proudly high on vigorous bushes. The foliage is healthy and profuse, forming an ideal base for these perfect blooms. Fascinating fragrance. Winner of many medals and honors. 3 ft. (Pat. 105.)

WHITE BRIARCLIFF. Pure white Hybrid Tea. A bride's favorite Rose. Sleek, graceful buds. Brings forth a wealth of perfect bloom all season long. 24 to 30 in. (Pat. 108.)

VALIANT. A bold red with a particularly lovely bud. The bloom is luminous crimson, becoming bright red as the flowers open. High-centered and bold in its color and erect manner. Frequently 5 to 6 in. across. Ht. 2½-3 ft. (Pat. 914.)

ECLIPSE. The "Streamline Rose," most popular and best of all yellow Roses. Distinctive, sleek, tapering buds. Best national all-purpose yellow. Abundant bloomer. Vigorous branching plants. 24 to 30 in. (Pat. 172.)

HERE'S WHY

*FALL is the
BEST Time to
Plant Roses!*

BIGGER BLOOMS

Getting your plants started this fall gives them a chance to become established before the first blooming period. Then they bloom as generously as older established plants.

HEALTHIER PLANTS

Roses set out now will get their roots well anchored by spring. They are vigorous and disease resistant right from the start of the new season.

EARLIER BLOOMS

On the first warm day next spring your new plants are ready to grow. Earlier flowers than you would get from spring planting are a certain result.

AVAILABLE ONLY IN LIMITED QUANTITIES

MRS. MINIVER. Distinctly different and enormous in size! Aptly described as the reddest of red Roses, with a brilliance and sparkle that make it stand out sharply in any garden. The pointed, dark carmine buds become 5½ to 6-in., cardinal-red blooms with cupped shape and ruffled petals; Old Rose fragrance. Height 2½ to 3 ft. (Pat. 725.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

ETERNAL YOUTH. Clearest of all pink Roses. Its fragrance, perfect form and long stems make it a real favorite. Very free-blooming, easily grown. Slim, graceful buds open to 4 and 5-in. flowers, superb in form. Height 3 ft. (Pat. 332.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

CYNTHIA BROOKE. A Rose of surpassing loveliness and perfume from Ireland. As the flowers develop, the beautiful salmon-orange color of the petals graduates to a pinkish orange and the inside petals of golden yellow finish soft buff-yellow. Blooms all summer. Height 2½ to 3 ft. (Pat. 551.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

RUBAIYAT (Above)

Noted for its Outstanding Fragrance!

Unchallenged winner of the 1947 All-America Rose Trials. A brilliant red with a profusion of long, graceful buds appearing early in June if planted this fall. As the buds open, releasing their wealth of Old Rose fragrance, a glorious riot of deep, scintillating crimson is revealed in the very hearts of the blooms. This vivid burst of color is accentuated on the outside of the petals by a tone shades lighter.

One of the Best Growers!

Our Rubaiyat plants are luxuriant in growth and have demonstrated their hardy, disease-resistant qualities. You'll be delighted with the unflagging production of extra-large flowers on these tall, shapely plants. You'll enjoy their glowing warmth, lovely form, and profusion of blooms for years to come! Height 3½ to 4 ft. (Pat. 758.)

PEDRALBES (Below, Right)

Noted for its Delicate Shaded Blooms!

This delicately shaded, delightful Rose from Spain . . . an interesting, intriguing Camprubi . . . has been an outstanding surprise in our test gardens here in Newark the past two summers, as rosarian after rosarian paused to admire and was drawn back again and again. You too will feel a special attachment for this lovely jewel when you see it in your own garden. A large white Rose often 5 in. across. Creamy before the full sleek bud unfolds, but becomes lighter and lighter until the finished flower has petals of pure white with a yellow center in the heart of the Rose. Delicate, airy fragrance. Generously borne in clusters of 4 or 5 buds on long, strong stems. Plant is spreading, about 30 in. high.

Make Your Garden the Envy of Your Neighborhood with these J&P Hybrid Teas

GREY PEARL (Above)

A rare combination of warm tan and olive marks the ovoid bud. As it opens slowly, its 40 to 50 petals become lavender-grey with some shadings of olive and tan. Blooms are of perfect form! High-centered and fully double, Grey Pearl has produced blooms so perfect as to please even the most discriminating rosarian. Such perfection of form and remarkable coloring make Grey Pearl truly a wonder of the plant world. Aside from the personal satisfaction of growing this great Rose, you will be further rewarded as your neighbors come again and again to see this rare novelty. Height 2 to 2½ ft. (Pat. 680.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

FORTY-NINER (Top Right Corner)

A noteworthy bicolor of brilliant rich contrast. The outside of the petals is dazzling chrome-yellow, sometimes overlaid with pink, changing to straw-yellow in the open bloom. This yellow color is most evident in the bud. The inside face of the petals is a vivid orient-red changing to cherry-red with age. Height 3 ft. (Pat. 792.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00

ELLINOR LE GRICE (Right)

Enormous Blooms for Your All-Season Enjoyment

An exceptionally large, bright golden yellow Rose that you can depend on for unfailing bloom. Keeps a steady pace, producing full double 6-in. blooms constantly from June, week-in and week-out until frost. Full ovoid bud shows deep maroon shading, changing to strong clear yellow as petals unfold. Unusually delicate spicy fragrance. Long stems, ideal for cutting. A striking beauty in any garden because of the large size and strong color. Resistant to disease. Height 3 ft. (Pat. 917.)

Sunset Glory

Add Rare Beauty to Your

PEACE (Left)

Peace has already taken its distinguished place among the yellow Roses, introducing a new note of interest in the color stages through which it passes. The ovoid buds are golden yellow etched with pink. As they open, they change from canary-yellow to pale gold, to iridescent cream.

The petals are edged with apple-blossom-pink that deepens as the flower slowly opens to glorious 5 to 6-in. blooms. The petals roll gracefully outward to form a very double flower, attractively cupped and with a high-centered golden heart. Individual petals are large, numbering from 40 to 45. Its fragrance is delicate.

Extremely Vigorous In Growth . . . Produces Huge Blooms

The plant is as superior as the bloom, hardy . . . vigorous . . . disease-resistant. The flowers are unusually large and borne on heavy stems that lift them proudly above the mass of large, vigorous, shining, holly-like foliage. Best of all, the blooms are produced in glorious succession until frost. (Pat. 591.)

Honors . . . All-America for 1946 and other awards.

Bud . . . ovoid, golden yellow etched with pink.

Blooms . . . cupped, canary-yellow to cream, edged pink. 5 in.

Plant . . . vigorous, hardy. 3½ to 4 ft.

\$2.00 each; 3 for \$5.25; 12 for \$21.00

NEIGE PARFUM (Right)

For fullest appreciation of a fragrant white Rose, let your choice be Neige Parfum, from Mallerin. Its purity of color is much enhanced by the copious breath-taking lemon-verbena aroma. The early bud has slightest tinge of cream, then delicate lemon as it unfolds; in full bloom a beautiful white, peony-form. Plants 2 to 2½ ft. tall. Greatly admired for bud vases and white floral arrangements.

Neige Parfum will be a constant source of pride and joy in your garden next summer because of its remarkable fragrance. Acclaimed by many as the most fragrant of all Roses! It is of medium vigor and the superior flowers and the delightful scent make it well worth growing.

Fragrance . . . a delightful lemon-verbena aroma.

Buds . . . long, ovoid, lovely.

Blooms . . . large and delicate.

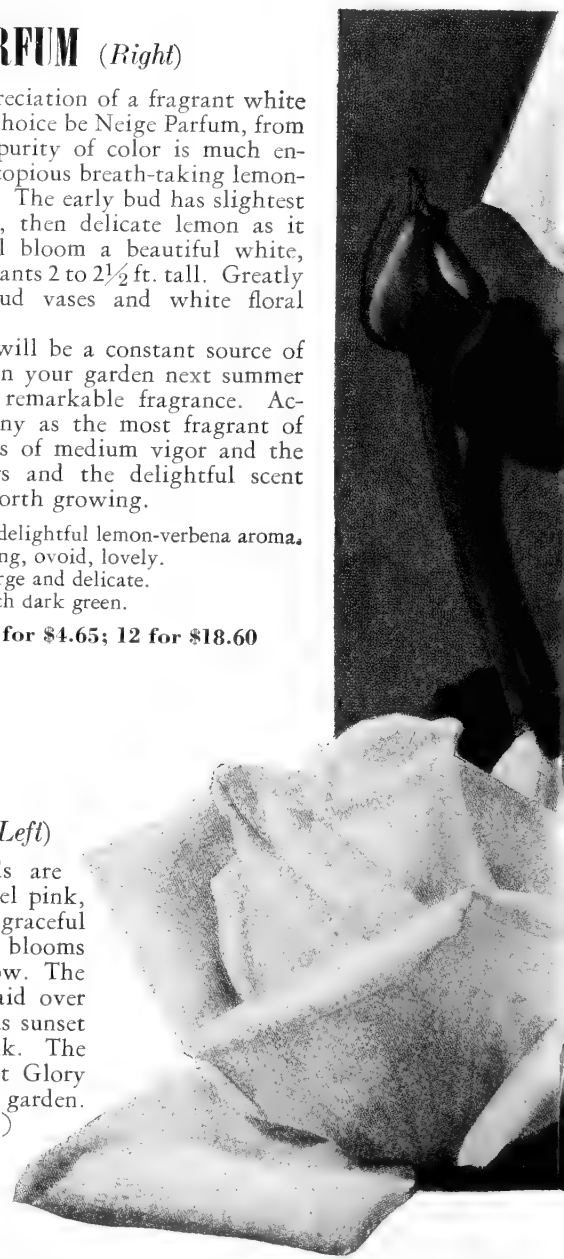

Foliage . . . rich dark green.

SUNSET GLORY (Left)

The golden yellow buds are suffused with soft pastel pink, opening slowly into graceful but luxuriant 4 to 5-in. blooms of glowing golden yellow. The sheen of dusty rose-pink laid over each petal makes a gorgeous sunset combination of yellow and pink. The beautiful pastel colors of Sunset Glory make a splendid showing in the garden. Vigorous; 2½ to 3 ft. (Pat. 738.)

SUTTER'S GOLD (Right)

Sutter's Gold is outstanding for its beautiful, long-pointed, yellow buds, richly shaded with orange and red. The 24-petaled open flowers are high centered and richly colored. Has a rich tea fragrance. Plant is strong, vigorous and free branching. Large glossy leaves, resistant to foliage trouble. Sutter's Gold is a fitting commemoration of the discovery of gold at Sutter's Mill and the 100th Anniversary of California's statehood. Won All-America Rose Selections 1950. Vigorous; 2½ to 3 ft. (Pat. 885.)

Give Your Property MORE COLOR!

Back in Grandmother's day, roses bloomed only in June. They were gorgeous, but didn't last very long.

All kinds of new things have been developed since those days. On all sides there are new things to make life pleasanter and more comfortable.

The improvement of roses has kept pace with other industries. Through scientific plant-breeding and hybridization, you can now enjoy roses just as beautiful as any that Grandmother had but the modern rose of today is everblooming! Starts with a glorious show of color in June and then new flowers keep coming all summer until frost.

Much has been learned about easier ways to grow roses and, of course, there have been many new developments in the rose growing industry. The result of all this is that every plant we send you is unconditionally guaranteed to live and bloom.

MARY MARGARET McBRIDE (Right)

This is the distinguished everblooming All-America Rose, beloved from coast to coast . . . for its own rare beauty and because it bears the name of the gracious Mary Margaret McBride. A Rose admired particularly for its perfect form . . . a new triumph in floral grace. The double blooms are large and high-centered. The color is clear, deep coral-pink suffused with shimmering gold at the base of the petals. Its pink glory never fades, despite hot weather. (Pat. 537.)

Buds . . . pointed, high center, deep coral-pink.

Blooms . . . always high-centered. 35 firm, heavy petals. Lovely exhibition Rose.

Plant . . . sturdy, 30 in.

Awards . . . All-America Award for 1943. Awarded Fuerstenburg Medal in 1945 for "Best New Rose introduced in America within the last four years."

EVER-POPULAR DOZEN

★**BETTER TIMES.** Brilliant cerise blooms with long stems. Pronounced and enchanting fragrance. A hardy plant, medium tall.

★**CHRISTOPHER STONE.** Velvety scarlet-crimson; Damask fragrance. Very popular; upright. Stands hot weather. Received high ratings by the American Rose Society and the National Rose Society of England.

★**CONDESA DE SASTAGO.** Two-toned coppery pink inside, golden tint outside.

★**COUNTESS VANDAL.** Acclaimed as the most artistic bloom in rosedom. Copper, bronze and pink, flooded with gold and reflexed with silver. Most widely used exhibition Rose. Very effective in table arrangements. A good plant of moderate size.

★**ETOILE DE HOLLANDE.** Bright red; large; loose; semi-double; fragrant. Vigorous. One of the most dependable and free-blooming of all the older Hybrid Teas.

★**K. A. VIKTORIA.** Exotic pure white blooms for contrast in bouquet or garden. Very strong, reliable grower. Widely planted because it is so easy to grow and so clear in its chaste white beauty.

★**McGREY'S YELLOW.** Large, bright but-tercup-yellow. Exquisite bud and flower. Probably the best known of McGredy Roses.

★**MRS. PIERRE S. DU PONT.** Deep golden yellow, slightly lighter with age; semi-double. Fragrant. Steady bloomer.

Mrs. Sam McGredy. Scarlet-copper-orange, flushed red outside; fragrant. Profuse, continuous bloomer. Very hardy.

★**NUMA FAY.** Very full-petaled; light coral-pink, satiny and fragrant. Free-blooming; fine for bedding.

★**POINSETTIA.** Long, pointed, perfect buds; glowing fire-red. Vigorous. Fine for cutting.

★**PRESIDENT HERBERT HOOVER.** Maroon and orange, two-tone. For years this has been the most popular of all the two-tone Roses. Vigorous; free-blooming. Fragrant.

Radiance. Cameo-pink; large, intensely fragrant. Blooms all season, in all climates. Tall.

Red Radiance. Very large; long-lasting; intensely fragrant; clear, even red. Tall.

★**SOEUR THERESE.** Long, pointed, silvery yellow buds, marked mauve-red. Fragrant. Many daffodil-yellow blooms.

Talisman. Golden yellow and copper; long-lasting. Free-blooming.

The Doctor. Sparkling pink buds, pointed; one of the largest of all blooms—5 to 6 in. across. Says the American Rose Annual, "One of the largest of all Roses, one of the most beautiful, and one of the sweetest."

Another Very Fragrant Hybrid Tea!

BRANDYWINE (Left)

Vigorous, hardy, and fragrant. Brandywine always retains its foliage even under difficult conditions. Created in "Cradle-of-Liberty Land," on the banks of the historic Brandywine, tall and strong and rugged as the patriots of old. The handsome large-pointed buds are the answer to a flower arranger's prayer, lovely for bouquets, exquisite in boutonniere or corsage. The virile plants grow to a height of 4 ft., blooming heartily right through till late fall. In a delightful shade of buff-yellow, the sleek buds open slowly and finish light yellow; in the cooler fall weather they assume lively orange tints. (Pat. 530.)

Buds . . . modern, pointed, buff-yellow, with lively orange tints in cooler weather.

Blooms . . . light yellow, stately, cup-shaped, fine large flowers on good long stems.

Fragrance . . . the sweet perfume is alluring, so truly characteristic of the Rose.

Plants . . . tall, vigorous, up to 4 ft. Disease-resistant.

Please Read Following When You Order

IMPORTANT—

*Please
Help Us to
Help You!*

When filling out your order it is most important *for all members of the same household to order under one name.*

In order to help us keep our records straight *please use your address plus your zone number which we have imprinted on the front of the catalog envelope.* If for some reason this address should be incorrect, please attach a slip of paper to your order correcting the address.

We are also finding cases where customers are using a borough or a suburb of a city and also the city itself. For example, Bronx and New York City or Germantown and Philadelphia. *Again please use your city or borough as imprinted on the front of the catalog envelope.*

It would be greatly appreciated if you would help us to see that your orders are sent to you correctly without any delay.

HOW TO REMIT

The best way to send payment is by check, U. S. Postal Notes or by Post Office or Express Money Order. Do not send stamps or cash because we cannot assume any responsibility unless sent by registered mail.

SHIPPING DATES

We will send your order at the proper time for planting in your locality. It is not necessary for you to specify a shipping date.

ITEMS NOT LISTED

Any variety of Roses, Perennials or other material which is not listed on the order blank or in the catalog is unavailable for the current season. Plants not listed will be in our future catalogs when available.

PLEASE DO NOT ASK US TO CHANGE YOUR ORDER

We handle thousands of orders within a very short season, and it is impractical to locate individual orders for changes. We want to accommodate our customers but it is impossible to find any particular order quickly during the shipping season.

Free . . . at Christmas time they receive this beautiful Rose Souvenir Package

Next Spring . . .

at the proper planting time they receive their roses!

IT'S ALL SO EASY HERE'S ALL YOU HAVE TO DO!

1. Make your selection of gift plants from the favorites listed above. Or, if you prefer, choose any plants or groups listed in the catalog. On this offer, each gift order must be for at least \$5.00. Fill out NOW the special Christmas Order Blank enclosed with this catalog.

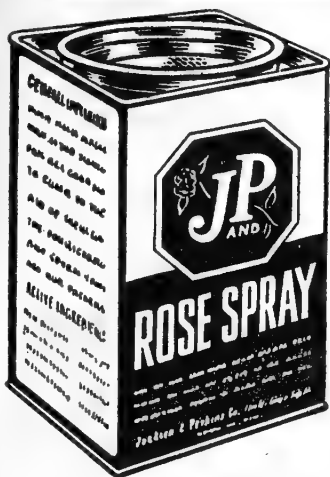

2. Just before Christmas we will send out the free souvenir packages, containing the beautiful Token-Rose, with a holiday greeting card. The greeting card opens up to form a holiday Gift-Certificate, listing your name and that of your friend. It tells the names of the plants (NOT THE PRICES) and states that they will be sent later, in time for spring planting.

3. In the spring, at the proper planting time, we will send the plants postpaid to those to whom you have presented them. They will be in perfect condition, all ready to start growing as soon as they are planted. In the summer and fall, year after year, your friends will continue to enjoy your gift. And they'll appreciate your thoughtfulness in choosing this unique way to remember them at Christmas.

Christmas Gifts for Gardeners!

DELUXE TANK SPRAYER

At last! A new high-pressure tank-type Sprayer of high quality and reasonable price. Streamlined, galvanized steel tank holds 2 gallons of solution. Operates on a pressure principle whereby the pressure is built up by pumping and spray is released by merely touching handle. Easily adjusted for fine or coarse sprays or solid streams. Lightweight, easy to operate—ideal for women gardeners. Comes equipped with 3-foot extension hose, brass automatic shut-off lock.

(Shipped Prepaid, \$11.70 each ready to use)

IDEAL SPRAYER FOR SMALL GARDENS

Dobbins Sprayer

Continuous Spray—
Easy to Use

Any Real Gardener Will Welcome this as a Christmas Present

This hand Sprayer has a capacity of 2 quarts. Inexpensive, yet has many features found only in larger and more expensive Sprayers. Tank and pump are of heavy 26-gauge galvanized steel; pump rod is of extra thickness and weight. Easy to use. Slight pressure on the handle produces a continuous spray, which is atomized by a patented whirl-spray brass nozzle. A new style easy working air valve makes operation smooth. Shipped complete, all ready to use. Postpaid

\$2.90 each

DOBBINS GARDEN DUSTER

Postpaid
\$2.25 each

An excellent Duster that has proved itself superior after extensive tests. Unique patented features and rugged construction make this ideal for those who prefer dusting. Convenient, too, because you can leave the Duster filled and ready to use . . . Simply pick it up and use it whenever necessary. No mixing, no solutions. This Duster should last a lifetime.

FAMOUS J&P****Hybrid Teas****MISS AMERICA (Left)**

A milk-and-honey Rose . . . delicate flesh tints touched lightly with soft tones of salmon and gold. Noted particularly for its large, unusually full-petaled blooms, each having an average of 65 petals.

Miss America deserves a special place in any Rose garden because of its unique pastel coloring and its unusually large bloom . . . each season sees its popularity increase as more and more Rose lovers learn of its delicacy and charm. Truly a Rose to please the connoisseur.

Very vigorous and hardy, with rich, heavy, disease-resistant foliage. 24 to 30 in. high. Winner Certificate of Merit, A.R.S. (1938); First Certificate of Merit, Colle Oppio, Italy. (Pat. 264.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

MISSION BELLS (Left)

An exceptionally beautiful shade of deep salmon-pink changing to a clear shrimp-pink. The full blooms often measure up to 5 in. when open, and retain their brilliant color and fine form to the end. Free-branching plants produce many long-pointed buds.

Attractive coppery green foliage is abundant and disease-resistant. Pleasing tea-scented fragrance.

Mission Bells is a Rose of outstanding merit . . . strikingly brilliant in color; large and perfect in form; remarkable for vigor, length of stem and the appearance and texture of its foliage. Height 3½ to 4 ft. (Pat. 923.)

\$2.25 each; 3 for \$6.00; 12 for \$24.00

FANTASIA (Below, Left)

The sparkling cheer of yellow daffodils in spring . . . Rose lovers are enthusiastic because of the "lift" they get from the bright golden yellow of the beautiful buds. Fantasia is outstanding for its display of spectacular bloom . . . usually in generous clusters. It boasts

the loveliness of Modern Hybrid Teas plus the robustness of Floribundas. Height 2½ ft. (Pat. 590.)

\$1.75 each;

3 for \$4.65; 12 for \$18.60

WAVES (Right)

This magnificent clear pink Rose, with its perfect form and clean, straight growth is admired by everyone.

The coral-pink, ovoid buds and intriguing, cup-shaped blooms are of unceasing interest and very generous with their Old Rose fragrance. WAVES' desirability in the garden is further heightened by the great profusion of bloom, an inspiring display of clear glowing pink in spring and summer. Height 2½ ft. (Pat. 638.)

CAPISTRANO. A rich shade of deep, glowing rose-pink that has the unique characteristic of retaining its color without fading. Vigorous, sturdy plants, bearing a generous display of large blooms. 36 heavily textured petals; open full flower. Height 4 ft. (Pat. 922.) A.A.R.S.

\$2.25 each; 3 for \$6.00; 12 for \$24.00

PANORAMA. Loveliest of the pink and white bicolors . . . each silken petal a glorious deep rose-pink outside; reverse silvery buff with pink suffusion. A marvel of nature, an enticing Rose of unique contrast. As much as 6 in. across. Height 2½ ft. (Pat. 614.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

SAN FERNANDO. A perfectly shaped, streamlined bud of brilliant red, plus a heady perfume. Long-lasting blooms of glowing currant-red changing to bright scarlet. Big, firm, glowing petals. Height 2½ to 3 ft. (Pat. 785.) A.A.R.S.

\$1.75 each; 3 for \$4.65; 12 for \$18.60

NOCTURNE. Bright cardinal-red with dark intriguing shadings of crimson. Bud of this lovely Rose is gracefully long and perfect. Firmly erect on strong stems, splendid for cutting. A mild but very pleasant fragrance. Height 2½ to 3 ft. (Pat. 713.) A.A.R.S.

\$1.75 each; 3 for \$4.65; 12 for \$18.60

SATURNIA. Glorious with 20 flame-wrought petals casting their spell of enchantment. The face of the large petals is a brilliant cardinal-red while the reverse is salmon-yellow and copper, creating a warmth of tone difficult to describe. Fragrance is very pronounced and fruity. Height 2½ ft. (Pat. 349.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

ERNIE PYLE. Gloriously free flowering; remarkable for its profusion of warm rose-pink flowers of great size and unusually abundant fragrance. Particularly vigorous and bushy, it grows 2 to 2½ ft. (Pat. 673.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

TALLYHO. The inside of the petals is always a delightful shade of pink but varies considerably according to the season, while the outside of the petals is darker . . . ranging from crimson to cardinal-red. Height 2½ to 3 ft. (Pat. 828.) A.A.R.S.

WORLD'S FAIR *First Floribunda All-America Winner*

The official Rose of the great New York World's Fair. This peerless beauty ranks high in the affection of rosedom. The deep red, 4 in., semi-double flowers stand out boldly in your garden. Clusters of 10 or a dozen brilliant blooms on sturdy, upright stems are a dazzling spectacle . . . marvelous for accent points in the flower bed or shrub border. One of those dependable, easy-to-grow beauties that will make your garden the envy of the neighborhood. The color and texture in a mass of World's Fair Floribundas is indescribable! Very large petals, buds small in comparison with finished flower. Bright cherry-red as flower opens, passing through several darker shades to deep red velvet. Intriguing because of interesting variations in same cluster. The double Hybrid-Tea size flowers are immensely popular everywhere. Exceptionally hardy. Height 2½ ft. (Pat. 362.)

MASQUERADE

Pat. 975

A rare novelty for your garden. Truly unique and different, each cluster of 10 to 25 buds shows blooms of yellow, red, pink, lemon and sometimes orange. All these colors appear at once in a magnetic combination.

Each bud is golden yellow, with tiny vermillion marks. The center bud in each cluster opens first, becoming rose-pink

Plant Changes Color!**

as the petals unfold. Gradually the rose-pink deepens until at last it is deep red. While the first bud in any cluster is going through these stages, other buds are gradually developing, each one passing through the same lovely color sequence of yellow, silver, pink and red.

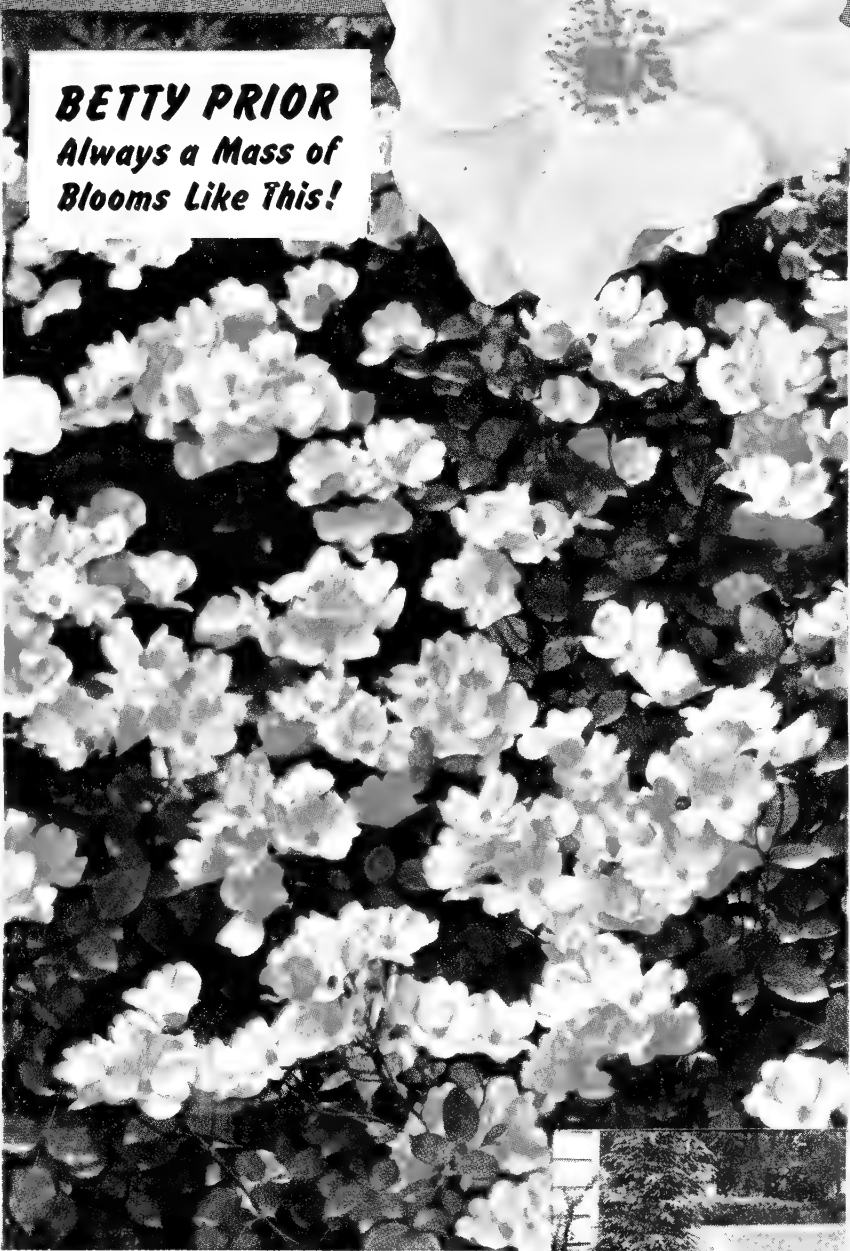

Clusters of 25 to 30 buds on one stem are not uncommon. Because of these unbelievable clusters and the range of colors through which each individual bud passes, Masquerade gives your garden a festive look.

The vigorous, 3-ft. plants have a rather open growth.

BETTY PRIOR

**Most Persistent
 Bloomer of All!**

Unusually tall and free-flowering; delicate pink color. In June, its colorful myriads of blossoms are indeed a glorious sight. All through the summer the perpetually forming buds and flowers, resembling red dogwood, never fail to keep color and attract interest. The buds are lively red, opening shell-pink, having 5 dogwood-like petals in shape, size and color. The healthy, vigorous plants are sturdy yet delicate in appearance and bountiful with their blooms. Height 3 to 4 ft. Unequaled in beds, borders, hedges, groups and large plantings, Betty Prior gives gorgeous mass color effects and many cut flowers throughout the year. (Pat. 340.)

PINK BOUNTIFUL *Soft Pink Flowers ... Easy to Grow*

You will prize this lusty Floribunda in your garden for its soft pink flowers with their dawn-like glow. Large, lasting bloom clusters provide a fresh and profuse mass of color all summer long. When fully open, the colorful flowers measure up to 3 in. across, looking like miniature Hybrid Teas. Pink Bountiful will go equally well in Rose beds or mass plantings. Its season-long bloom, delightful color and fragrance make it unusual and effective in any location. The ovoid buds are tinted deep reddish pink and unfold demurely into flowers with a buff-salmon-pink heart flushing into a deeper pink at the outer petals. The nutty fragrance adds to its charm when used in flower arrangements or nosegays. With all its pure delicacy of form and color, Pink Bountiful is hardy, easy to grow. Height 2 ft. (Pat. 601.)

Pinocchio FAMILY

Red Pinocchio

(Above)

Combines the best qualities of Pinocchio and Donald Prior. The 3½-in., delightfully fragrant Roses are borne in large, long-lasting, unfading clusters. A rich dancing carmine, which deepens and acquires a velvety cast. Finishes with the same lovely cup-shaped bloom as Pinocchio but rich scarlet. Exceptionally free flowering, with individual blooms scattered between the mass flowerings. Bushy, vigorous, 3 ft., hardy everywhere. (Pat. 812.)

White Pinocchio

(Above, Right)

A glistening white Pinocchio, with flowers about 2½ in. in diameter and fully double, usually borne in large clusters of up to 30 or more. The cream-tinged buds and sheer white, long-lasting blooms are a treat for many weeks. Certain to be the most outstanding white Floribunda today! Each perfectly formed flower is gracefully accented by the rich dark green foliage. Height about 2 ft. (Pat. 1010.)

FLORIBUNDA ROSES

BORDERS, BEDS, BACKGROUNDS AND FOUNDATIONS

The Original Floribunda . . . Still One of the Very Best, Very Free Blooming . . .

ROCHESTER (Below, Left)

One of the finest of all Floribundas. Very popular with those who know Roses well. Blooms freely in a warm, rich tone.

All season long, Rochester will give you enchanting blooms of almost Hybrid Tea size. No other produces more blooms per plant. A group planting of Rochester is a continuous display of flowers from early June till heavy frost. The bloom is medium large and double, with the breath-taking sensation of an oriental pearl mounted on gold . . . perfect in Hybrid Tea form. Rochester is remarkably hardy, sturdy and vigorous, with the cluster formation and free-blooming habits. Height 2 ft. (Pat. 131.)

CHATTER (Right)

The enormous, bright crimson flower clusters on Chatter last two and sometimes even three weeks. Unsurpassed for garden color; ever-beautiful! Each bud in the cluster opens very slowly . . . and the mature blooms stay an unfading crimson for several days. As one flower finishes, new buds open to take its place. Each 7 to 8-in. cluster sparkles in your garden as a mass of bright crimson. Chatter is unequalled for masses of color; the 2½ to 3-in. flowers with their velvety petals are a constant delight on rugged, disease-resistant, 18-in. plants. (Pat. 739.)

*Long-lasting . . . remarkable flower clusters, continuously in bloom from early spring to late fall.

The Beautiful Rose Pictured Across the Top of These Pages . . .

SUMMER SNOW (Above)

The most prolific of white Floribundas, with great "drifts" of beautiful large clusters like mounds of snow. The remarkable profusion of heavy flower clusters covers the plant during late June, July, August and September. Summer Snow Floribunda Roses are being used to work wonders in the "white gardens" now so much in vogue. Most reliable to heavily blanket any area you wish with immaculate white. Sweet, elusive fragrance. Summer Snow, planted with Chatter, gives a striking effect. See picture at the right. 20 in. tall. (Pat. 416.)

Geranium Red

**Unusual!****GERANIUM RED** (Above)

Imagine a Rose the color of a red geranium! That looks like a geranium and has the same spicy fragrance of a geranium! The 4-in., camellia-like flowers of vivid spectrum-red border on the scarlet of the old-fashioned geranium. Heavily scented with the sweet heady fragrance of rose-geranium, it will brighten your garden or your home with its freshness. When the buds first appear, they are a dark ox-blood-red, completely winning your heart as they open slowly, and the tumbled pattern of inner petals shows a brighter color in lovely contrast to the dark buds. "Best New Rose in 3 Years"

The long-awaited true golden Floribunda! Somewhere in your garden this mass of glorious sunshine will delight you from early spring all through summer and fall. Clusters of bright yellow are particularly colorful and showy. They last a long time, as fresh new buds keep replenishing the over-all effect of a golden yellow mass. The buds in each of the many clusters are ovoid in shape, resembling miniature Hybrid Teas in form, and a rich golden yellow in color. They open slowly and gracefully, passing through many attractive stages. The flowers are cupped in the early stages and gradually open to 3½ in. across. Plants have a dense, spreading, well-balanced habit of growth, reaching a height of 2½ ft. or taller. (Pat. 672.)

Why the Experts Say:

"FALL is the IDEAL Time to Plant Roses!"

**Assures Earlier,
More Profuse Roses Next Season**

The soil is mellow, easy to work. Prepare it any time at your convenience, and then leave it until the postman delivers your J. & P. plants. It is then only a matter of a few minutes to plant. You can be confident of earlier, better blooms next June because the plants make new roots in the late fall and early spring . . . will produce blooms almost like an established plant.

Why this New Type of Rose Was Developed...

Realizing the need for tall-growing cluster-type Roses—ideal for back-grounds, tall hedges, along fences and walls and as specimen plantings, Jackson & Perkins takes pride in introducing these new Park Roses. Producing Hybrid-Tea-size blooms (excepting Lyric), they do not grow out of bounds but remain compact and bushy. Reaching up to 4 ft. in height, they are constantly in bloom and very fragrant. Truly a must for this fall's planting!

GAY HEART (Below)

Very fragrant, 4 to 5-in., bright pink, Hybrid-Tea-like flowers are produced in large clusters. The plant reaches a height of 4 ft. or more and gives a very massive and colorful show all summer. Nicest feature is its ability to keep clean... never any discolored flowers. Use in foundation plantings, along fences, as a hedge or as a background. (P.A.F.)

NEW IMPROVED STRAIN! Everblooming BLAZE

America's Favorite Red Climber!

Where the NEW BLAZE Came From

One particular plant that outbloomed and outperformed all others was found in the nursery years ago. During July, August and September this amazing plant continued to bloom constantly. We very carefully isolated this plant and used it as a stock plant from which to multiply this new strain of Blaze. After years of propagating from this heavily blooming type, we now have the new everblooming strain ready for sale. Of course, this is an exclusive J. & P. product.

Is red one of your favorite colors? Would you take pride in a glorious plant that buries itself under thousands of brilliant red Roses? Then plant Blaze! Most popular of all Everblooming Climbers. The popularity of Blaze increases year by year as more and more gardeners realize how colorful and dependable it really is!

Generous Clusters of Brilliant Bloom

These are the brilliant double, red Climbing Roses one sees blooming all over America. You'll be thrilled with the generous peaks of blooms in June and September. During July and August, this improved strain of Blaze will amaze you as the blooms appear again and again... finally building up to a real "peak" in September. You knew the older June-blooming counterpart variety as Paul's Scarlet Climber.

Easy to Grow Well Anywhere

Requires no special attention, but grows luxuriantly with a magnificent display of flowers. In this picture showing the entrance of a home here in the Rose Capital of America, the brilliant pillar of glowing red is in complete harmony with the porch.

Outstanding Characteristics

Blooms... large clusters of many 2 to 3-in., cup-shaped flowers cover plant. The blazing scarlet color holds well, even in full sun.

Uses... train over arch or pergola. Drape on fences or garages. Grow on pillars or posts. Brightens entrance or porch.

Prolific... masses of vivid scarlet for a long period in springtime. Flowers all season. (Note: Pluck only actual flowers when trimming after blooming, as new bloom-shoots grow from first eye below the flower cluster.)

THEY'RE
WORTH
WAITING
FOR!

CLIMBING ROSES USUALLY DO NOT BLOOM THE FIRST YEAR THEY ARE PLANTED! The blooms borne on Climbing Roses develop only from the old wood which comes when the bush is established one year after planting. However, you may have a few scattered flowers which are usually small and not always true to color. The second year after planting, your Climber should be well established and breaking forth with countless numbers of blooms... a sight worth waiting for!

A Curtain of Color!

No yard is so confined—or garden so small—but there's a fence to be glorified, or space for a trellis or arbor to provide a setting for "Curtains of Color" and thousands of blooms with J. & P. Climbing Roses.

CLIMBING ROSES!**DR. J. H. NICOLAS (Above, Right)**

One of the most sensational Climbing Roses ever introduced! Even confirmed rosarians continue to marvel at the wealth of fragrant blooms, the size of the large double flowers so like Hybrid Teas . . . and most of all, at its everblooming performance. The deep rose-pink blooms are large, frequently 6 in. across. The fragrance is rich and intriguing. (Pat. 457.)

Everblooming. . . a galaxy of bloom again and again throughout the season.

Fragrance. . . . rich, lovely, enduring.

Immense. . . . double, deep rose-pink flowers, unbelievably large, 5 to 6 in.

Long-lasting. . . the first flowers remain alluringly attractive till even the last one of the cluster is open full.

Pillar. . . . very vigorous, grows 8 to 10 ft. tall. Extremely hardy.

\$2.00 each; 3 for \$5.25; 12 for \$21.00

CLIMBING**SUMMER SNOW (Right)**

*Lovely, Snow-white Blooms,
All Season!*

Throughout July, August, September and October, Summer Snow continues to bloom generously. Quickly fills out to illuminate the scene with clusters of pure white, loosely double flowers which almost completely cover the plant, like mountains of snow. The attractive white blooms are repeated all through the summer and fall; often they are the last flowers in our garden when killing frosts come. The glistening, double blooms are 2 in. across, effectively set off with golden stamens when full open, adding to the charm of their large clusters in bouquets and arrangements. Requires little care, and fills out rapidly, growing 8 to 10 ft. tall. (Pat. 400.)

Climbing Summer Snow

King Midas (Left)

So shimmering and regal are the lovely, large blooms of King Midas that in fancy one can almost see the mythical Persian King touch each red-flushed bud, transforming it and all it touches into limpid yellow gold. These cheer-giving yellow blooms that completely cover the plant for three to six weeks will bring a blaze of golden glory to pillar, porch and trellis.

Modern, high-centered, tight buds and Hybrid-Tea-like flowers, in clusters of four to six. Particularly hardy and vigorous, it will establish itself quickly and then bloom every year. Canes 8 to 10 ft. (Pat. 586.)

Buds high-centered, slow to open, deep gold with reddish tinge.

Blooms large, 4 to 5 in., in unfading yellow clusters of four to six.

Very prolific . . . begins early, continues through June till other large-flowered Climbers have ended.

\$2.00 each; 3 for \$5.25; 12 for \$21.00

NEW DAWN (Below)

One of the hardestiest Everblooming Climbers! New Dawn repeats its perfect 4 in. Hybrid-Tea-like blooms continuously all season. Have glorious Roses with the precious pink of apple blossoms and a delicate appealing old Rose fragrance in profusion on a plant that is easy to grow, requires little care and takes little ground. The trim, perfectly formed, pointed buds are most artistic in their appeal, superb for use in bouquets and arrangements. They have fine long stems. Sturdy canes grow rapidly; even one plant makes a gorgeous display on trellis, arbor or fence. Extremely hardy in all regions.

CLIMBING PEACE. This new climbing sport has the same fine qualities and large, perfectly formed flowers as the ever-popular Hybrid Tea. The full ovoid bud is deep yellow with edges of the petals pink. It opens to glorious 5-in. blooms with shades of canary-yellow and pale gold to iridescent cream. Climbing Peace should be planted in milder climates but is a Rose well worth experimenting with. IF PLANTED IN AREAS WHERE FREEZING WEATHER OCCURS, WINTER PROTECTION IS VERY NECESSARY. (Pat. 932.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00

PAUL'S SCARLET. This is one of the all-time older favorites. Many still want it for the great profusion of large, vivid scarlet-red blooms. The flowers are scarlet-red and semi-double, freely produced. It is a strong grower and very hardy; canes are flexible and very easy to train over porches, walls, fences, trellis and pergolas. During June, the plant is completely covered with blooms that create a center of interest anywhere.

SHASTA DAISY
Wirral Supreme (Left)
(Patent Applied For)

This new Shasta Daisy is of outstanding merit... a hardy improved Shasta Daisy, Esther Reed. Truly a real find in the perennial world. The glistening white flowers are 3 to 3½ in. across, fully double, held upright on tall wiry stems. The compact, 2½-ft. plant is absolutely hardy and very decorative in the garden for a long time. Especially effective as a cut flower, with good lasting qualities. Blooms in June and July and if cut then will produce again in fall. Another outstanding product through Jackson & Perkins research.

VIOLET, Royal Robe. *Sweetest of all Garden Flowers!* Magnificent, extra-large flowers of lustrous, deepest violet-blue. Intensely fragrant. Ideal for corsages, boutonnieres, bouquets. The rugged plants have sturdy foliage and bloom abundantly in early spring, also in fall. The large, superb flowers open wide like a pansy or viola, often more than 1 in. across. Their stiff, erect stems grow up to 8 in. or more.

It is hardy enough to live over winter even in this rigorous climate of northern New York State; we protect the plants with leaves or straw. Strong-growing plants.

65c each; 3 for \$1.75; 6 for \$3.25

SHASTA DAISY, Esther Reed

The chrysanthemum-like Esther Reed is one of the most delightful of Shasta Daisies and is June at its best. An easy-to-grow plant for a prim white mass effect. Almost entirely free from insects and disease. Blooms from June to Oct. Completely double flowers on 18-in., strong stems.

75c each; 3 for \$2.00; 6 for \$3.75

GYPSOPHILA, Rosy Veil Pink Baby's-Breath

Very generous in bloom, the airy sprays form a heavy mat of delicate pink during June and July, and also flower again in fall. The artistic sprays are invaluable for bouquets in the home and in mixed borders. Plants never become overgrown.

75c each; 3 for \$2.00; 6 for \$3.75

DIANTHUS, Irene

Literally drenches the garden with old-fashioned clove scent. The exquisite pink very double, 2 to 2½-in. flowers average 60 petals each. Sturdy 12 to 15-in. stems. Blooms very freely. Lives year after year. (Pat. 747.)

"ALL-OUT-AT-ONCE" SPIKES GUARANTEED TO BLOOM

Handsome, long-lasting, all-out-at-once 20 to 30-in. spikes with giant all-double flowers closely set on towering 5-ft. spires. Four to six such spikes to a plant in June and July, repeating bloom in the late summer and early fall.

AN IMPROVED RACE

One of our chief aims in developing this new race was to provide trim

and sturdy stalks not easily blown down by the wind . . . yet not cumbersome and stiff in bouquets. You will find that J. & P. Delphiniums do not need staking in most localities. A few groups of 3 or 5 plants will glorify your garden with full, strong flower-stalks holding their stately heads in regal dignity, making the garden more beautiful than ever before.

GLORIOUS

Deep royal purple, by far the darkest and richest of all Delphiniums. The long beautiful spikes are all-out-at-once in blooming, no shattering until the last buds are fully open. Stems are wiry and strong. The plant repeats quickly. 4½ ft. tall.

\$1.00 each; 3 for \$2.50;
6 for \$5.00; 25 for \$18.75

FREEDOM

White, with black-and-white "bees." Will "pep up" any garden. This variety is in great demand because it is an excellent color to accent a perennial border. Stunning in bouquets. 4½ to 5 ft. tall. Striking in groups or with other Delphinium hybrids.

75c each; 3 for \$2.00;
6 for \$3.75; 25 for \$13.75

DELIGHTFUL

Deep blue. The rare, real all-blue, in the darker shades so hard to get. Good with other colors. Glorious background for lower growing flowers. 5 ft. tall. This is what you have in mind when you speak of dark, rich "Delphinium Blue." It is a glorious color.

75c each; 3 for \$2.00;
6 for \$3.75; 25 for \$13.75

DESIRABLE

Deep violet. Truly distinct in its velvety violet-purple florets strikingly accented with white "bees" or eyes—on upright, well-balanced, wiry-stemmed, 4½-ft. spikes. And the gratifying part is that the color holds. Really dramatic, both in the garden and in bouquets.

75c each; 3 for \$2.00;
6 for \$3.75; 25 for \$13.75

DEBUTANTE

White. Clean, sparkling tall spires, dramatic in a white garden, with other colors, or by itself. The chaste white double florets are closely set on the trim spikes, adding to their fine accent effect. A cool and refreshing touch in any garden in July, just when it is needed most. 4 ft. tall.

75c each; 3 for \$2.00;
6 for \$3.75; 25 for \$13.75

ENCHANTMENT

Light blue. True Delphinium-blue, with white eyes—the hybridists' dream! A giant double Delphinium with superb masses of bloom on all-out-at-once spikes. 4 ft. tall. Adds great interest to any garden. Striking in a white vase. A real milestone in Delphinium achievement.

GAYETY

Pinkish lavender with outer petals blue. Lovely cupped florets from its forebear Lady Eleanor, England's favorite; spike habit and hardness from its J. & P. ancestry. Side shoots prolong bloom several weeks. Unique color display that will remind you of "lavender and old lace." 5 ft. tall.

75c each; 3 for \$2.00; 6 for \$3.75; 25 for \$13.75

HAPPINESS

NEW! Exceptionally large individual florets of warm pink-lavender. Clear blue at the tips of the outer petals. The unusually large spikes are full, firm and sturdy. Plant in groups of 3 or more with Delphinium Enchantment for beautiful contrast.

BLOOM YEAR AFTER YEAR FROM
SPRING TO FROST . . .

© J. & P. CO.

Viola, Purple Heart

(Right) One of the most popular perennials we have ever introduced. Blossoms from spring to frost, and comes up year after year, more luxuriant and vigorous than ever. The huge, velvety, violet-blue flowers are 3 in. across, on stems 7 to 8 in. long. The petals are waved, giving a pleasing play of tones. A bright yellow "eye" makes the lovely purple seem even deeper. Each plant sends out many shoots for a continual supply of flowers all season. Cut back the long runners in August, and thus make the plants more compact and the later blooms more profuse. They are easy to grow, not

particular where you plant them, although they do best in moist, loamy soil. Like afternoon sun, but do not demand it. Will live for years. (Pat. 671.)

75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$7.50; 100 for \$50.00

Viola, Yellow Vixen

All season. 10 to 12 in.

Viola, Yellow Vixen (Left)

Hardy everblooming perennial Viola in a bright clear yellow that will make your gardens and borders more colorful from early spring to frost. Originated here in northern New York, it has lived through many hard winters, demonstrating its vigor and winter resistance. The pert faces of this hardy Viola are always cheerful, always smiling up at you merrily. The 2½-in. flowers are borne on upright, 6 to 8-in. stems.

NEW! EXTREMELY HARDY Viola, John Wallmark (Right)

The attractive new Viola with shimmering grayish lavender over-all color laced with violet veinings and splashed with deeper violet tones at the center. It has a pert yellow and white eye. The form is rather rounded but the bloom is almost 2 in. across, and the long stems make it an ideal cut flower. It grows 12 in. high. Once started in spring, the bush grows rapidly and builds up to a mound of green, usually covered with bloom. This variety was discovered in Sweden, blooming under the snow in mid-winter.

NEW DELUXE MUMS

"Each variety is a gem!"

Jackson & Perkins Research has scored again! Now for the first time we are offering you six GIANT sized Mums. Easy to grow . . . for the specialist and beginner alike! No fall garden can be complete without these breath-taking newcomers exclusive with only J. & P. Free-flowering, graceful blooms on long upright stems. New improved ultra bright colors. Bloom in September and very hardy. Truly a must for this Fall's planting!

SWALLOW. (Left) A beautiful soft coral-pink opening into a double buff-colored flower, about 4 to 4 $\frac{3}{4}$ in. across. The lovely irregular petals have a pleasing informal effect in all stages. Blooms from early September to frost and grows to 3 ft. Its delicate color makes it ideal as a cut flower. (P.R.R.)

\$1.00 each; 3 for \$2.50; 6 for \$5.00

SEAGULL. (Left below) The giant size and airy grace of this new Mum will make it an immediate favorite. The giant 4 to 5-in. flowers have compact, cream-colored centers with pure white outer petals. Blooms in early September and reaches a height of 24 to 30 in. This new variety is one of the largest of this new J. & P. strain of Mums. Its unusual form gives it a rare distinction and grace. (P.R.R.)

\$1.00 each; 3 for \$2.50;
6 for \$5.00

KILLDEER. (Lower left-hand corner) Here is a lovely new color in the Mum world. It opens a very bright golden bronze and finishes a yellow-bronze. The frilled-petaled flowers are 3 to 3 $\frac{1}{2}$ in. across on strong 2 to 2 $\frac{1}{2}$ -ft. plants . . . beautiful dark green foliage. Blooms early September through October. Is very frost resistant, firm, and long lasting. (P.R.R.)

\$1.00 each; 3 for \$2.50; 6 for \$5.00

TANAGER. (Below, left) As pretty and cheery as its namesake, this new Mum has attractive 3 to 3 $\frac{1}{2}$ -in., bright crimson-cherry-red flowers. Exceedingly free blooming! It is truly the leading red Mum in our estimation. Blooms September through October . . . very resistant to frost. Grows 2 $\frac{1}{2}$ ft. tall. (P.R.R.)

\$1.00 each; 3 for \$2.50; 6 for \$5.00

CANARY. (Left) The clean-cut color, the large production and the firmness of the bloom makes this Mum one of the best yellows available. The perfectly symmetrical, 3 $\frac{1}{2}$ to 4-in. flowers are a beautiful rich golden yellow. Reaches 24 to 30 in. in height. It's an excellent keeper when cut for indoors. Truly a very outstanding variety. Blooms September and October. (P.R.R.)

\$1.00 each; 3 for \$2.50; 6 for \$5.00

GROSBEAK. (Below) With its smart pink petals and rich bronze centers, this new delicate Mum is unusual and worthwhile. The combination of the two-tone effect and the deep green foliage of the plant makes an excellent show from September to October. Producing 3 $\frac{1}{2}$ -in. flowers on 3-ft. plants, Grosbeak lasts well when cut. (P.R.R.)

YOUR "Friendly Favorites"

These seven varieties are the pick of hundreds of "tried and true" Mums. You'll be delighted with all of them! Come next fall, you'll be rewarded with a burst of blooms lasting for many weeks. These seven Mums are especially free flowering, winter hardy, and will give you a brilliant, long-lasting display of rich colors.

COURAGEOUS. (Below) An outstanding new Turkey-red Chrysanthemum with double 3-in. flowers borne in large clusters on 30-in. stems. There are not many red Chrysanthemums. We think this variety is good and are adding it to our collection. The foliage is dark green and the flowers are very frost-resistant here.

\$1.00 each; 3 for \$2.50; 6 for \$5.00

BUTTERBALL. (Lower left-hand corner) One of the earliest. Blooms from end of August until severe frost. A low mass of long-lasting, brilliant yellow, grows to 15 in., with 1½ to 2-in. flowers covering the plant.

75c each; 3 for \$2.00; 6 for \$3.75

LAVENDER LADY. (Below) Queen of all garden Mums. This is a rare, lovely lavender-pink with beautiful, large 4-in. flowers. Prolific producer from late September until severe freezing weather. Plants 24 in. tall.

75c each; 3 for \$2.00; 6 for \$3.75

AVALANCHE. (Right, above) The best large white. Perfect, fully open, double blooms from September 'til freezing weather. One of the first to bloom. 4-in. flowers with a faint, creamy center in the part-open stage. 2 ft.

75c each; 3 for \$2.00; 6 for \$3.75

MAROON 'N' GOLD. (Right) Mahogany buds shaded maroon with a rich golden reverse on the petals. A gay maroon and gold effect. 4-in. flowers, 18 to 24-in. plants. Blooms late August. Very frost-resistant.

75c each; 3 for \$2.00; 6 for \$3.75

YELLOW AVALANCHE. (Bottom right corner) Blooms in late August and continues through September. Excellent in areas where frost occurs early. The full, large, fluffy flowers are perfectly formed and are produced in great profusion. Rich golden yellow in color.

85c each; 3 for \$2.25; 6 for \$4.25

CHIPPEWA. (Below) Glorious, warm dubonnet color tone . . . deep in the bud and lighter as the flower develops. Brilliant and sparkling, fully double, 4-in. flowers on 24-in. plants. Starts blooming late September continuing until killing frosts.

Imagine... DELICIOUS FULL-GROWN FRUIT on *Dwarfer* DWARF TREES!

Why these trees are ideal for you!

Now you can plant Apple trees in even the smallest garden plot and enjoy them all your life without ever crowding out your roses, perennials or other flowers. These amazing midget trees will bear fruit very young. You may even have blooms and a few Apples next spring and summer. When four years old, they will be in full bearing, with larger, more colorful Apples than you would get from large trees... yet these amazing Dwarfer Dwarf Apples grow only 5 to 6 ft. tall and do not interfere with other plants growing around them. Early in the season every branch will be covered with lovely fragrant blooms as exquisite as Flowering Crabs. So profuse, so handsome, they are a garden decoration in themselves. Ideal for the modest garden where you don't have room for large fruit trees. Trees may be planted as close as 6 ft. apart. Unless there are other trees nearby, plant two or more varieties to be sure of correct pollination.

CHOOSE YOUR DWARF APPLES FROM THESE OUTSTANDING VARIETIES

Red Delicious (Below)

Large, dark red with firm crisp flesh of excellent quality and flavor. Bears regularly; tree perfectly hardy, easy to take care of. This favorite is splendid for eating. Best known Apple sold at fruit-stands.

Jonathan (Not illustrated)

A favorite early winter Apple with a spicy, snappy flavor. Brilliant, beautiful red color. One of the very finest for cooking because of its solid flesh and highly flavored spiciness. Grows well throughout the country wherever Apples are successful. Plant this variety so you can have your own crop of one of the world's favorite cooking Apples.

McIntosh (Not illustrated)

The most popular eating Apple. Tender, crisp flesh is snow-white and bursting with juice. The Apple children and grownups alike prefer for eating and for baking. Has a flavor and texture unequaled by any other Apple variety. The tree is long-lived, extremely hardy.

Yellow Delicious (Not illustrated)

Bright golden yellow. Solid, firm meat. Very good keeper. Some say this is the best yellow Apple.

Seckel Pear

Sweet, juicy, full flavored. The popular small Pear for eating and for pickling. Yellowish russet with red cheek. Good to eat, pickle, preserve. Trees are resistant to blight. Ripens later part of September or early October.

\$3.00 each; 3 for \$8.25

Bartlett Pear (Right)

By far the most popular variety of Pear for home use. The fruit is large, golden yellow color with reddish tint. The flesh is exceptionally tender and is literally dripping with luscious sweet juice. The trees are very vigorous in growth. The Bartlett Pear is by far the most popular for eating or for home canning. Bartlett Pears in the form of dwarf trees are a real "find" for any home owner.

Many Start Blooming Next Year!

THOUSANDS of these plants have already set flower-buds this summer. Many bloomed last May. You may have some flowers next spring—you'll have PLENTY the following year, and EVERY YEAR! Grown the longer way at higher cost (own-root, not budded, so wild sucker growth can never come)—for long life, rapid growth, and every-year bloom. Worth ten times as much as old-fashioned kinds.

Loveliest Kinds and Colors. These Six Pictured

- d Paul Thirion. Bright rich red buds open to an intense rosy claret, revealing beautiful double flowers in enormous clusters. Free bloomer.
- d Katharine Havemeyer. A gorgeous mass of double, rosy lavender flowers, very full with immense spikes. A soft shade of the lovely lilac color.
- s Lucie Baltet. The pinkest of all Lilacs . . . blooms freely . . . with immense single flowers, stately and tall. Blooms in huge clusters that make a striking display in the garden, shrub border, or as a single specimen plant.
- s President Lincoln. Single flowers $\frac{3}{4}$ in. or more across, purplish blue in bud . . . opening to a true blue. It is considered the best of the blues. Very vigorous and early in bloom.
- d Paul Hariot. Rich glowing purple buds opening to a true royal purple. Large, double flowers. Considered the deepest and darkest of all. The depth of color and rich texture make this a favorite everywhere.
- d Ellen Willmott. Extremely prolific, immense, double flowers of purest alabaster-white. Large, branched panicles; round flowers. Rated as excellent. Late bloomer. A dependable free-blooming white.

Christmas Rose

AN IMPROVED
LARGE-FLOWERED TYPE

Helleborus niger altifolius

Roses in winter! Not real roses, of course, but the rare and much-prized Christmas Rose. Actually blooms with the snows of late fall, at Christmas time and until spring. This variety (*Helleborus niger altifolius*) is much superior to the common *H. niger*. Grown by J. & P. from divisions of flowering plants, it will become established quickly and will bloom for you in the fall.

Blooms All Winter on Mild Days

Even when there is snow on the ground, it takes only a couple of mild days for this miraculous plant to produce its glacier-white blooms. The lovely 5-petaled flowers are 2 to 3 in. across, with a lively center of yellow stamens. Fleshy, strong stems hold each bloom erect so it stands out sharply above the leathery foliage which literally hugs the ground. Flower clusters on 6 to 8-in. stems. Lovely for bouquets.

Strong Field-Grown Plants, \$1.50 each; 3 for \$3.75; 6 for \$7.50

Christmas Rose. All Winter. 5 to 8 in.

Beautiful Masses for Low Plantings

The Christmas Rose is especially suitable for a protected place in front of evergreens or shrubs because of its rich low foliage and the masses of unusual flowers when there is nothing else in the garden. Given a protected location where it is partially shaded in the summer but receives winter sun, the Christmas Rose will form a broad low mass of handsome green. Once established, it should not be moved; allow it to spread, producing more and more of these lovely flowers each year.
